

# Physiotherapists agree on Tilter®

Review by Health & Care Department, Municipality of Copenhagen

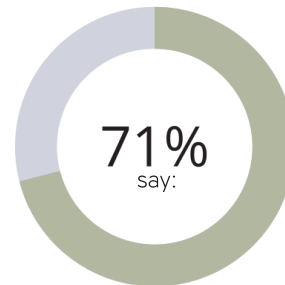

**All-direction is the optimum seat motion**

» Ergonomically considered, all-direction tilting is the optimum seat motion «

**Tilter encourages to a healthy posture**

» I'm sure/I find it likely that Tilter encourages to a healthy posture «

**A good alternative to inadequate adjustments**

» Tilter is a good alternative to inadequate, individual adjustments of work chairs «

**Tilter provides free movement ... like an exercise ball but more controlled.**

Statement by physiotherapist in municipality of Copenhagen (Denmark)

Source: Survey conducted by Betech, September 2016.  
A chair equipped with Tilter Motus FREE was tested and evaluated by 7 practising physiotherapists.
